Subject Index to Volume 11

abdominal pain
due to duodenal ulcer 515
Abstracts
The First Western Pacific *Helicobacter* Congress A1
Diseases of the Stomach A49-A76
Australian Gastroenterology Week A77
aberrant crypt
inhibition of formation by indomethacin and sulindac in rat colon of 88
acanthosis nigricans
in association with PBC (Case Report) 1021
achalasia
distribution of peptide-containing nerve fibres in 478
acid inhibition
increased efficacy for treatment of oesophagitis of (Editorial) 897
acid secretion, basal
in duodenal ulcer with NSAID use 520
acquired immune deficiency syndrome
complications and outcomes of PEG in 835
acute porphyrias
hepatic;molecular pathogenesis of (Review Article) 1046
adaptation
of gastric epithelium to injury 259
adenocarcinoma
and HCC in PBC (Case Report) 546
adenocarcinoma, mucinous
as a prognostic factor in colorectal cancer 77
adenoma, hepatic
with bone marrow metaplasia in glycogen storage disease (Case Report) 556
adenomatous polyposis syndrome
in the mentally retarded 275
adenomyomatosis
diagnosis by colour Doppler ultrasound of 840
adenosine triphosphate
modulates sulfobromophthalein uptake by liver plasma membrane vesicles 1065
aetiology
improved understanding for the Budd-Chiari syndrome of 1121
age
relationship in gastric cancer with clinical characteristics 511
agranulocytosis
induced by IFN-α therapy for chronic hepatitis C (Case Report) 1012
AIDS *see* acquired immune deficiency syndrome
Alagille syndrome
in Chinese children (Case Report) 434
alanine aminotransferase
progression of cirrhosis to HCC and elevated serum levels of 944
albumin
synthesis in regenerating rat liver after partial hepatectomy 1137
alcohol
interaction in liver disease of HCV and (Review Article) 187
aluminium
hepatic and CSF accumulation during anti-ulcer therapy of 911
amylase
in renal failure 496
anaemia
endoscopic laser therapy in watermelon stomach for 832
anaemia, autoimmune haemolytic
and PBC (Case Report) 439
anastomosis, colonic
regeneration of nerve fibres across 325
Ancylostoma caninum
distinctive apthous ileitis linked to 524
angiomyelolipoma, hepatic

effects of vasopressin in gastric muscosa on 216

pancreas
mucin-producing cystic neoplasm of (Case Report) 768
pancreatic calculi
superimposed on slow growing pancreatic cancer (Case Report) 97
pancreatic stones
sonographically guided lithotripsy for 247
pancreatitis
acute
associated with hypercalcaemia in adult T cell leukemia-lymphoma (Editorial) 180
induced by hypercalcaemia (Case Report) 193
chronic
lithotripsy for pancreatic stones in 247

parenteral nutrition
effects on bacterial translocation and jejunal atrophy during 65
partial hepatectomy
synthesis of secretory protein in regenerating rat liver after 1137
PAS-postitive mucus
used to study repairing process of gastric ulcer 928
PBC *see* primary biliary cirrhosis
PEG *see* percutaneous endoscopic gastrostomy
percutaneous endoscopic gastrostomy
complications and outcomes of 835
percutaneous transhepatic catheterization
complications in portal hypertension of 630
perindopril
modification of ischaemia-reperfusion injury in rats by 652
PGE_2 *see* prostaglandin E_2
pH gradient
and hepatic excretion of pravastatin 580
pharmacokinetics
of midazolam in Vietnamese subjects 1179
phylogenetic tree
used to analyse HCV transmission 641
platelet aggregation
involvement in microvascular disturbances during colitis of 681
pneumomediastinum
complicating colonoscopy (Case Report) 789
pneumothorax
complicating colonoscopy (Case Report) 789
polyethylene glycol
compared with sodium phosphate as a bowel preparation for colonoscopy 103
portal hypertension
and development of collateral venous circulation (Case Report) 301
and TIPS (Review Article) 293
complications of percutaneous transhepatic catheterization in 630
correlation of severity and plasma interleukin-8 levels 635
effects in cirrhotic rats of molsidomine and propranolol on 985
effects of L-NNA on hyperdynamic circulation in a rat model of 1
effects of verapamil on renal haemodynamics in rat model of 391
portal hypertensive gastropathy and duodenopathy in 728
relation to gastric ulcer in cirrhosis of 59
renal and haemodynamic responses to niravoline in cirrhotic rats 857
role of endotoxaemia in hyperdynamic circulation in rats with 152
portal vein
histopathological changes in the liver after extrahepatic obstruction of 971
ligation
sodium retention triggered by reduced liver function after 850
portal–systemic encephalopathy
due to congenital extrahepatic portosystemic shunt (Case Report) 626
portal–systemic shunting
in a patient with normal portal vein pressures (Case Report) 301
portosystemic shunt
causing portal-systemic encephalopathy (Case Report) 626
pravastatin
transport across the hepatocyte canalicular membrane 580
prednisolone
incidence of clinical rebound and hepatic decompensation following withdrawal of 143
pregnancy
giant choledochal cyst after (Case Report) 847
primary biliary cirrhosis *see* cirrhosis, primary biliary
procarboxypeptidase B
in renal failure 496
procollagen III
as a marker of fibrosis in PBC 1016
propranolol
effects on portal hypertension in cirrhotic rats of molsidomine and 985
prostaglandin
inhibition of colon cancer precursors is independent of inhibition of synthesis of 307
prostaglandin E_2
duodenal production of correlated with duodenal histology and histochemistry 120

ranitidine
efficacy of once *vs* twice daily administration for treatment of duodenal ulcer 1173
rebound
following withdrawal of corticosteroid before IFN therapy for hepatitis 143
reflux
use of sodium ion selective electrode to monitor 486
regeneration
liver
FS-112 and partial hepatectomy in mice impair 471
regulation by pro-inflammatory cytokines of (Review Article) 466
synthesis of secretory protein after partial hepatectomy in 1137
UDP-glucuronosyltransferase in 1130
of nerve fibres across a colonic anastomosis 325
renal failure
serum procarboxypeptidase B, amylase and lipase in 496
retrograde transvenous obliteration, balloon-occluded treatment of gastric fundal varices by 51
retroviral vectors
to induce strong hepatoma cell-specific expression of cytokine genes 1053
rhabdoid tumour
in intrahepatic cholangiocarcinoma (Case Report) 768
risk factors
for pancreatic cancer in Orientals 491
of peptic ulcer in Dutch and Japanese populations 825

SAPL *see* surface-active phospholipid
sepsis
prevention of ECRP-related 938
sclerotherapy
portal venographic pattern in oesophageal varices resistant to 1110
resistant oesophageal varices (Editorial) 1105
'Sho-saiko-to'
induction of TNFα and G-CSF by 137

sigmoid colon
pedunculated extraluminal leiomyoma of the (Case Report) 299
small intestine
reduction in cirrhosis of apolipoprotien A-IV mRNA levels in 746
smoking
and methane production in a Burmese population 71
as a risk factor for the development of pancreatic cancer 491
sodium phosphate
compared with polyethylene glycol as a bowel preparation for colonoscopy 103
sodium retention
due to reduced liver function after portal vein ligation 850
somatostatin
control of variceal haemorrhage with an analogue of (Case Report) 305
sphincterotomy *see* endoscopy
spouses
hepatitis C transmission between 1001
stress
vagal hyperactivity and gastric ulcers in rats induced by 125
sucralfate
effects on kissing gastric ulcer of 335
sulfobromophthalein
uptake in rat liver plasma membrane vesicles mediated by ATP 1065
sulindac
and indomethacin inhibit aberrant cryt foci in rat colons 88
sulindac sulphone
inhibition of colon cancer precursors by 307
surface-active phospholipid
lubrication of visceral movement and gastic motility by 797
Symposium
Third Oceanic Symposium on Paediatric Liver Transplantation S1

T cell leukemia, adult
acute pancreatitis induced by hypercalcaemia associated with (Case Report) 193
T cell leukemia-lymphoma, adult
acute pancreatitis associated with hypercalcaemia in (Editorial) 180
TAE *see* transcatherter arterial embolization
taurochenodeoxycholic acid
effects in hepatic fibrosis of 451
TB *see* tuberculosis
teprenone
increase in hepatic tissue blood flow by 978
TGF-α *see* transforming growth factor-α
TGF-β_1 *see* transforming growth factor-β_1
TIPS *see* transjugular intrahepatic portosystemic stent-shunt
TNF-α *see* tumour necrosis factor-α
transcatherter arterial embolization
for control of ulcer bleeding 252
transferrin
useful for distinguishing HCC from liver cirrhosis 358
transforming growth factor-α
increased expression associated with adaptation of gastric epithelium to injury of 259
transforming growth factor-β_1
markers in HCC and liver cirrhosis for 443
transforming growth factors
effect on wound repair in cultured rabbit gastric mucosal cells of 129
levels in patients with obstructive jaundice 7
see also transforming growth factor-α, transforming growth factor-β
transjugular intrahepatic portosystemic stent-shunt
a review (Review Article) 293
transmission
of hepatitis C between spouses 1001
transmucosal potential difference
iduring aspirin injury in the rat 264
transplantation, liver
as treatment for PBC (Review Article) 605
tuberculosis
gastrointestinal
stimulating Crohn's disease (Case Report) 532
should it be differentiated from Crohn's disease? (Review Article) 183
tuberous sclerosis
and hepatic angiomyelolipoma (Case Report) 196
tumour, intestinal
effect of dietry fibre on 113
tumour localization
clinical implications in colorectal cancer of 47
tumour necrosis factor
levels in patients with obstructive jaundice 7
tumour necrosis factor-α
in vitro induction by herbal medicines of 137

UDCA *see* ursodeoxycholic acid
UDP-glucuronosyltransferase
in regenerating rat liver 1130
in the cirrhotic rat liver 373
ulcer
duodenal
acid secretion protects gastic mucosa against injury by *H. pylori* in 674
and gastric metaplasia of regenerating duodenal mucosa 108
chronic upper abdominal pain due to 515
correlation between duodenal histology, histochemistry and PGE_2 production in 120
cytotoxin and urease activities of *H. pylori* isolates from patients with 819
differential impact of *H. pylori* as risk factor for 825
do NSAID cause 520
efficacy of once *vs* twice daily administration of ranitidine or nizatidine for the treatment of 1173
gastric
effects of leminoprazole, omeprazole and sucralfate on 335
H. pylori delays healing of 1097
prevalence in cirrhotic patients and relation to portal hypertension 59
study of repairing process of 928
vagal hyperactivity in rats in 125
peptic
evaluation of drug efficacy by statistical analysis of healing speed of 916
factors associated with mortality in 82

ulcer
risk factors, *H. pylori* and laparoscopic treatment of (Editorial) 93
usefulness of NBCA in TAE for control of bleeding from 252
urease
activity in *H. pylori* isolates 819
urine
increased excretion in liver cirrhosis of endothelin in 347
ursodeoxycholic acid
improvement in blood lymphocytes in PBC after treatment with 366
in combination with IFN for the treatment of chronic hepatitis C 1156
increase in serum and urine in patients with chronic liver disease of 385
treatment of PBC with (Review Article) 605
treatment of primary sclerosing cholangitis with (Case Report) 1162

vagus
stress induced gastric ulcers in rats and hyperactivity of 125
varices
oesophageal
portal venographic pattern of 1110
resistant to sclerotherapy (Editorial) 1105
vasopressin
effects alone and plus oxygen on gastruic mucosal haemo dynamics and oxygenation 216
verapamil
effects on renal haemodynamics of 391
vesicle transformation
method for quantitative assessment in model bile systems of 864
vinblastine
effect on ferritin clearance and release in the rat of 1072
visceral coating
and lubrication of movement 797

watermelon stomach
endoscopic laser therapy for 832
wound repair
of cultured rabbit gastric mucosal cells 129
